#### \*CAPTE Accreditation Statement

Graduation from a physical therapist assistant education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; phone: 703-706-3245; [accreditation@apta.org](mailto:accreditation@apta.org) is necessary for eligibility to sit for the licensure examination, which is required in all states.

Lurleen B. Wallace Community College is seeking accreditation of a new physical therapist assistant education program from CAPTE. On December 1, 2020, the program submitted an Application for Candidacy, which is the formal application required in the pre-accreditation stage. Submission of this document does not assure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the technical phase of the program; therefore, no students may be enrolled in technical courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate for Accreditation status signifies satisfactory progress toward accreditation, it does not assure that the program will be granted accreditation.
